\*The service speed you are provided is determined at the point of interconnect to the property. Example, the point of interconnect could be your ONT located in the garage. The service speed you experience inside the home, and wifi speeds you experience, depends on several factors including your equipment, the capacity of our systems and our suppliers, the number of end-users using the service, the applications you are using and the websites you are accessing. We therefore cannot guarantee that you will receive the maximum access speed when you are connected to the service. NGV accepts no liability for your wifi speeds. NGV accepts no liability for losses or damages incurred during periods of slow service speed and/or service interruptions. For a greater understanding of broadband technologies, and factors that influence performance, please visit [www.commsalliance.com.au/BEP](http://www.commsalliance.com.au/BEP)

\*\* Speeds indicated are best effort.

If a technician is required to visit your premise to complete your internet connection there is a one off charge of **\$100**.
